

Local Health Care Units

Metadata Export - GEO-WB6 GIS Portal

Export Date: October 25, 2025 10:14 | **Identifier:** AL_ASIG_Local_Health_Care_Units | **Resource Type:** CCD

BASIC INFORMATION

Core identification information for the metadata record

Title: Local Health Care Units

Country: Albania (ALB)

Abstract: This layer represents the Local Health Care Units which have been mapped to highlight the territorial extent that these units include. There are a total of 36 Local Health Care Units which are subordinate to the Regional Directories of the Health Care Services Operator (DROSHKSH). Their categorization has been carried out, where in red are shown those Local Health Care Units with which we have had cooperation and for which we have material, while in yellow are shown the Local Health Care Units for which we are awaiting materials so that we can then proceed with their publication in the National Geoportal.
